Objective

Seeking a junior Full Stack Developer or software internship role where I can contribute to real-world projects, continue growing my skills, and be part of a collaborative engineering team.

Summary

Motivated and quick-learning Computer Science student with hands-on experience in full-stack development, academic projects, and technical support roles. Proficient in JavaScript, Java, Python, and modern web technologies. Strong analytical skills combined with a collaborative mindset and the ability to thrive in team-oriented environments. Eager to contribute to innovative development teams and gain real-world experience through a junior developer position or internship.
